

The Pullman School History and Index

by Janice Helge

Extracted from The Arcade Mercantile Journal Saturday, August 30, 1890

The following is a brief historical summary of the growth of the public schools here to the time of our annexation to the city: The Pullman public schools were organized Nov. 1, 1881, in the R. I. (Rock Island) depot, D. R. Martin, principal, and Mrs. I. M. Biden, assistant; 50 pupils enrolled.

Miss Aggie Brennan was added to the teaching corps, Jan. 16, 1882, and the school year completed with crowded rooms and many children not attending school because of lack of facilities.

First Board of Director—E. W. Henricks, Mr. Mead and Noah Van Winkle.

In the fall of 1882 school opened with eleven teachers, two of these being assigned to the school at One Hundred and Fifth street. Two new rooms were opened in the freight depot, and the various nooks and corners of Market Hall were utilized for school purposes until Feb. 3, 1883, when the new school building was opened for use. (Ed note: This would have been the Pullman School located at 113th and Cottage Grove Avenue which opened in February 1883.) The school was this year controlled by a Board of Education, of which Dr. John McLean was President.

In the autumn of 1884 two new rooms were opened at the corner of One Hundred and Seventh street and Fulton avenue for the accommodation of the children of that vicinity. The total enrollment this school year was 1,225, with an average daily attendance of 715. Number of teachers employed, nineteen.

Since the school year 1884-85 the enrollment each year has been, in the vicinity of 1,300, with an average daily attendance of from 700 to 800 pupils. The teaching force for the past few years has been twenty-one regular teachers and a teacher of drawing. Last year the total enrollment and the daily attendance was less than for several preceding years, the falling off being in the northern portion of the town. The total enrollment for last year was 1,127, and the average daily attendance 737.3. Dr. McLean was President of the Board of Education from the time of its organization until it went out of existence because of annexation to the city of Chicago.

Extracted from the Chicago Board of Education Proceedings, March 29, 1905, Page 558:

“Condemn Property in Pullman for Schools

“ . . . A small Park in Pullman located on 113th Street, Morse and Watt Avenues, which said property is sought to be purchased by the City of Chicago, in trust for the use of schools, for a school site, as to the compensation to be paid for said property, but that he has been unable to agree with the owners as to such compensation.

The Committee therefore recommends that the title to said real estate be acquired under the eminent domain law for use of schools, as provided by law . . .”

About the Pullman School Index

The Pullman School Index was compiled during the isolation pandemic of 2020. I used the sources that I had access to during that time. It may be updated later when I am able to conduct research at the library.

The Index begins with only one name in 1885; 1887; 1890 through 1910 has all been found and entered; 1912; June of 1916; and 1917 names are included.

Sources included: *Chicago Board of Education Proceedings*, various years; *The Arcade Journal* newspaper, *The Calumet Weekly Index* newspaper, and South Suburban Genealogical and Historical Society Research Series *Volume Five: The Greater Roseland Area of Chicago; Schools*.
